**From goodreads.com:** In this dark, suspenseful thriller, Alex North weaves a multi-generational tale of a father and son caught in the crosshairs of an investigation to catch a serial killer preying on a small town. After the sudden death of his wife, Tom Kennedy believes a fresh start will help him and his young son Jake heal. A new beginning, a new house, a new town: Featherbank. But Featherbank has a dark past. Twenty years ago, a serial killer abducted and murdered five residents. Until Frank Carter was finally caught, he was nicknamed "The Whisper Man," for he would lure his victims out by whispering at their windows at night. Just as Tom and Jake settle into their new home, a young boy vanishes. His disappearance bears an unnerving resemblance to Frank Carter's crimes, reigniting old rumors that he preyed with an accomplice. Now, detectives Amanda Beck and Pete Willis must find the boy before it is too late, even if that means Pete has to revisit his great foe in prison: The Whisper Man. And then Jake begins acting strangely. He hears a whispering at his window.

**From goodreads.com:** FBI Agent Atlee Pine's harrowing search for her long-lost sister Mercy reaches a boiling point in this breakneck thriller from #1 New York Times bestselling author David Baldacci. For her entire life, FBI agent Atlee Pine has been searching for her twin sister, Mercy, who was abducted at the age of six and never seen again. Mercy's disappearance left behind a damaged family that later shattered beyond repair when Atlee's parents inexplicably abandoned her. ### [Little Pieces of Hope by Todd Doughty](#)

### [American Predator: The Hunt for the Most Meticulous Serial Killer of the 21st Century by Maureen Callahan](#)

Even if you aren't a true crime buff you've heard of Ted Bundy, John Wayne Gacy and Jeffrey Dahmer but I bet you haven't heard about Israel Keyes. I'm a huge true crime fan but before picking up this book I hadn't heard his name. He struck all over the United States with his crimes going undetected for over a decade. The author does an incredible job of presenting the facts and weaving a truly compelling narrative, I was hooked from the first page. This is hands down the best true crime book I've ever read and if you're even remotely interested in serial killers I would recommend picking up this book.

### [The School Between Winter and Fairyland by Heather Fawcett](#)

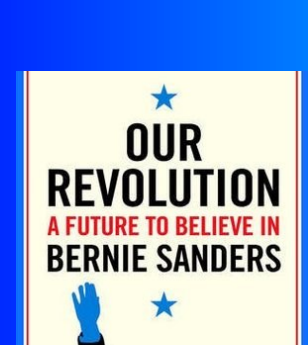

The many parallels between *The School Between Winter and Fairyland* and the *Harry Potter* series are annoying at first, but the twists, the fine writing and amazing ending make up for it. The recent release is new at the Osterhout Free Library.

### [Our Revolution: A Future to Believe In by Bernie Sanders](#)

My staff pick is *Our Revolution: A Future to Believe In* by Senator Bernie Sanders. We live in interesting times, as the old course goes. This is one way we could get back to the American Dream. Or, as Senator Sanders says: "Humanity is at a crossroads. We can continue down the current path of greed, consumerism, oligarchy, poverty, war, racism, and environmental degradation. Or we can lead the world in moving in a very different direction."
